# QUANTUM 350<sup>WIRELESS</sup>

Wireless PC gaming headset with detachable boom mic

## Sound is Survival.

Ready to level up your gameplay? Meet the JBL Quantum 350 Wireless gaming headset. From the quietest footsteps to the loudest laser blasts, JBL's QuantumSOUND Signature puts you in the center of every scene. No matter how crazy the action gets, the detachable, directional voice focus boom mic means other players can always hear you clearly. Lossless wireless, 22-hour battery life and lightweight memory foam ear cushions mean you'll never miss a second of mayhem during even your longest gaming sessions. JBL QuantumENGINE PC software fine-tunes the sound for the ultimate competitive advantage. Your opponents won't know what hit them.

## Features

- ▶ Never miss a moment with lossless 2.4GHz wireless
- ▶ Live the game with JBL QuantumSOUND Signature
- ▶ Make your voice heard—or not—with a detachable boom mic with mute
- ▶ 22-hour battery life, speed charge and power&play
- ▶ Memory foam comfort for marathon game sessions
- ▶ Make the sound yours with JBL QuantumENGINE PC suite
- ▶ Join the fun on DISCORD
- ▶ Optimized for PC, compatible with multiple platforms

# QUANTUM 350<sup>WIRELESS</sup>

Wireless PC gaming headset with detachable boom mic

## Features and Benefits

### Never miss a moment with lossless 2.4GHz wireless

When split-second timing is key, you can't be tied down to your system. Gaming grade lossless 2.4GHz wireless gives you total freedom of movement, with no audio drops in the heat of battle.

### Live the game with JBL QuantumSOUND Signature

From the quietest footsteps to the loudest laser blasts, JBL's cinematic QuantumSOUND signature makes every scene epic. Powered by 40mm drivers, the JBL Quantum 350 Wireless fully immerses you in the game for a true competitive edge.

### Make your voice heard—or not—with a detachable boom mic with mute

Even when games get noisy, the JBL Quantum 350 Wireless's detachable, directional voice focus boom mic means your squad will always hear you clearly. There's also a handy mute feature if you need to run silent for a secret mission in the real world.

### 22-hour battery life, speed charge and power&play

22 hours of battery life means great JBL sound throughout even your longest gaming sessions. Still need extra time? Five minutes gets you an extra hour of playback time, and you can charge while you play with the USB charging cable.

### Memory foam comfort for marathon game sessions

The durable JBL Quantum 350 Wireless has a lightweight headband and PU-wrapped memory foam ear cushions for total comfort even during a hardcore all-night epic.

### Make the sound yours with JBL QuantumENGINE PC suite

Control what you hear, improve how you play. Use the PC software suite to customize JBL QuantumSURROUND, EQ, sidetone, mic settings, and more for the ultimate immersive sound experience.

### Join the fun on DISCORD

Don't miss a second of strategy or smack talk. The JBL Quantum 350 Wireless headset is certified for DISCORD, the most popular chat application in the world. You can also use it on Skype and TeamSpeak when you're at work.

### Optimized for PC, compatible with multiple platforms

The JBL Quantum 350 Wireless headset is optimized for PC and can be connected wirelessly (via the 2.4GHz) with PC, PS\*, Nintendo Switch™ and Mac. The features powered by JBL QuantumENGINE (JBL QuantumSURROUND, RGB, EQ, Microphone settings etc.) are only available on PC. Check the connectivity guide for compatibility.

\*Wirelessly compatible with all PS models including PS5 and PS4.

# TUNE 235NC

True wireless noise cancelling earbuds

## Features and Benefits

### JBL Pure Bass Sound

Smartly designed 6.0mm drivers enhanced by the stick form factor deliver JBL's Pure Bass Sound so you'll feel every pulsing beat.

### Active Noise Cancelling with Smart Ambient

Hear more of what you want, less of what you don't. Active Noise Cancelling technology with 2 microphones lets you minimize audio distractions. With Ambient Aware, you can tune into your surroundings at any time so that you feel safer when you're out in the world, while TalkThru lets you stop for a quick chat without having to remove your headphones.

### 4 mics for perfect voice calls

Enjoy hassle-free, hands-free calls in stereo. The Tune 235NC are equipped with 4 microphones, so you'll always be heard with perfect clarity. Never hesitate to take or make a call again. With VoiceAware you can control the amount of mic input routed back into your earbuds and choose how much to hear of your own voice.

### Up to 40 hours of battery life

Never miss a beat with 40 (10+30) hours of battery life or 8 hours, plus 24 hours in the case when noise cancelling is engaged. Need a boost? Speed Charge for just ten minutes to get 2 hours of playtime.

### Water resistant & sweatproof

Don't be deterred by bad weather. Thanks to IPX4 water resistance and sweatproofing, there isn't a workout or downpour the Tune 235NC can't handle.

### All-day fit & comfort

Never be without your music. The Stick Closed design ensures comfort without pressure, eliminating ambient distractions with a design so light, you may forget you're wearing them.

### JBL Headphones App

The JBL Headphones App lets you enjoy your music your way. You can customize your listening experience, figure out your best fit, find your earbuds, and even create a silence bubble for ultimate calm.

# LIVE BEAM 3

True wireless Noise Cancelling closed-stick earbuds

## Make your day sound amazing .

Get customized sound without even looking at your phone. Use the controls on the Smart Changing Case™ of the JBL Live Beam 3 true wireless Noise Cancelling earbuds with Hi-Res Audio to customize all their features without opening the JBL app on your device. Adjust volume and EQ, control your music, take phone calls, see messages—you can even customize the screensaver with your favorite photos. And that's before you even get to enjoy the monumental JBL Signature Sound of the Live Beam 3 earbuds themselves. Best-in-class True Adaptive Noise Cancelling tunes out distractions. JBL Spatial Sound makes movies and music truly immersive. And if you have to take a call, 6 mics ensure perfect sound quality even in the noisiest surroundings. All this plus a 48-hour charge: 12 hours in the buds\* and another 36 in the case—and they can charge wirelessly. The charging case features a loop to attach a lanyard for even more convenience. Great sound has never been simpler. (\*with ANC off)

## Features

- ▶ Hi-Res Audio Wireless with JBL signature sound
- ▶ Convenient Smart Changing Case™ for app-free control
- ▶ True adaptive noise cancelling with custom control
- ▶ 48 hours total playback plus wireless charging
- ▶ 6 mics for perfect calls you can customize yourself
- ▶ Multi-point connection
- ▶ Google Finder and Audio Switch
- ▶ IP55 waterproof and dustproof
- ▶ Stay in control with the JBL Headphones app
- ▶ Personi-Fi 3.0

# LIVE BEAM 3

True wireless Noise Cancelling closed-stick earbuds

## Features and Benefits

### Hi-Res Audio Wireless with JBL signature sound

The JBL Live Beam 3's 10mm dynamic drivers are powered by JBL Signature Sound. Each driver is perfectly tuned to deliver deep bass, balanced mid-range, and refined high frequencies—all at any volume level. JBL Spatial Sound makes you feel like you're at a concert as the sound comes from virtually everywhere around you.

### Convenient Smart Charging Case™ for app-free control

You can customize every aspect of your JBL Live Beam 3 earbuds with the 1.45-inch touchscreen display on your Smart Charging Case™. The display gives you full control of your sound on any devices - laptop, TV, smartphones, or tablets -, without needing to access the JBL App on your smartphone.

### True adaptive noise cancelling with custom control

Tune out the outside world entirely or customize just how much ambient sound you decide to let in, with four noise-sensing mics that automatically adapt to your surroundings in real time. The auto compensation in the JBL Headphones app adjusts and optimizes the Adaptive Noise Cancelling level to your wearing and ear canal conditions, ensuring effective noise cancellation tailored to your personal hearing experience.

### 48 hours total playback plus wireless charging

Enjoy 12 hours of playtime, plus another 36 in the charging case.\* Need to recharge faster? 10 minutes on a USB type-C charging cable will give you another four hours of playtime. You can also recharge them wirelessly. (\*with ANC off)

### 6 mics for perfect calls you can customize yourself

Six beamforming microphones reduce wind and noise interference, so your words always come through loud and clear. A voice equalizer and voice level optimizer give you full control not only over how you sound to others, but how loud they sound to you.

### Multi-point connection

Switch effortlessly from one Bluetooth device to another, so if you are watching a video on your tablet, you won't miss a call on your mobile.

### Google Finder and Audio Switch

With the Google Finder service, if you ever misplace your earbuds, a network of over 3 million Android devices will automatically help you find it. With Google Audio Switch the earbuds seamlessly switch from one Android Bluetooth® device to another. Jump from a video on your tablet to a call on your mobile phone, and never miss a moment.

### IP55 waterproof and dustproof

From the beach to the bike trail, the JBL Live Beam 3 earbuds are waterproof and dustproof for all your outdoor adventures.

### Stay in control with the JBL Headphones app

Personalize the soundtrack of your life. Just download the free JBL Headphones app to customize the way you listen. Adjust the Adaptive Noise Cancelling to your ears' shape, tweak your ambient sound control settings, create a Relax playlist to help you chill out, check your best fit, or find your earbuds. You can also choose your preferred voice assistant, change how the earbuds behave through gesture customization, or adapt the sound output to audio or video to get the most out of your content—plus much more.

### Personi-Fi 3.0

Hear and feel every note of your playlist. Shape your audio to match your personal listening profile with interactive customization tools that use precise information about you and your preferences to provide the exact sound curve that suits you best.
