Sheaffer® Reminder

REMINDING YOU TO CLICK IT
BEFORE YOU CLIP IT.

A master of design ingenuity, it features the Sheaffer clickable clip that was first introduced in the 1960s. The smart design prevents the clip from attaching to a pocket, lapel or sheets of paper whenever the writing tip is activated, guarding against contact with even a hint of ink reminding you to click it before you clip it.

COFFEE EDITION

The image features four Sheaffer pens floating vertically above a body of water. The pens are arranged in a row, each with a different color scheme: dark brown/black, medium brown, light tan, and dark brown. They all have silver-colored accents and clips. The background is a sunset or sunrise scene with a blue sky and orange-hued hills. The water in the foreground reflects the pens and the sky. The text "The *write* kind of coffee" is centered over the image.
